SIR ANTONY FISHER FREEDOM AWARD

SIR ANTONY FISHER was one of the most influential progenitors in the global rise of free-market think tanks during the second half of the twentieth century. Starting with the Institute of Economic Affairs in 1957, he helped to establish 150 other think tanks worldwide. In 1979 Sir Antony Fisher teamed up with San Francisco businessman James North to establish the Pacific Research Institute. The Sir Antony Fisher Freedom Award pays tribute to an individual, who through determination and unflagging commitment, has greatly advanced freedom and liberty in California and the nation.

28 years of PUTTING IDEAS INTO ACTION

THE PACIFIC RESEARCH INSTITUTE was established in 1979 to champion individual liberty and personal responsibility. PRI's mission is to provide practical, market-based solutions to the issues that affect each of us, every day.

In the past 28 YEARS, we've had many victories in the battle of ideas. We thank our generous supporters who have helped us reach this milestone. With your support, PRI will be even more effective in promoting and defending liberty for years to come.
